MAUDIS
HOT TUB - SAUNA - CABIN

OUR STORY OF WOODEN HOT TUBS AND SAUNAS

Maudis team is happy to have you here. We are a family business that is already known as a high quality wholesaler of saunas and hot tubs in Lithuania. Maudis started the business in 2011, and during more than 10 years of hard work we already have clients in Norway, Sweden, Finland, Lithuania, Latvia, Czech, Netherlands, Germany, Romania, France, United Kingdom, Austria, and other countries.

The business idea has grown from a strong need to offer valuable products that can be personalized for each desire. We all have different tastes but, as well, we all value a good time when we can relax and enjoy every moment of it alone or in the beloved company. So, our team found a solution to offer different packages with possible additional accessories to order the best hot tubs that suits clients' desires...

With constant improvement and the finest materials for production, we set a high standard for each, and every item sold. Maudis is proud of a philosophy that accepts no compromises on quality. As a wholesaler of saunas and hot tubs, we are very clear that our core value is to make our clients fully satisfied with a final result.

The production process requires a lot of handwork, so we pay special attention to every detail during the manufacturing of hot tubs and saunas. Diligence and meticulousness allow us to create products that serve customers for a long time and give the best emotions.

We are open to any cooperation in the wholesale of saunas and hot tubs trade. Please, contact us for a detailed offer on any sauna, cabin, or hot tub for sale.

WHY UAB MAUDIS IS DIFFERENT?

COMMUNICATION

We are proud of our professional sales and customer support team. Your phone calls and emails will be answered immediately and with great knowledge about the product.

RELIABLE SUPPLY

We keep a lot of material in stock to avoid shortages and delayed deliveries. We have fast manufacturing and delivery terms even in peak season.

DELIVERY

Hot tubs and saunas are quite a special product to deliver. We offer proper packing and best delivery rates.

QUALITY

As we offer repairs all over Europe, every issue means a trip to fix it. We want to avoid that, so quality is a top priority. We investigate every issue, learn from mistakes and constantly improve. Our products are made with great focus on quality and simple but reliable design.

WARRANTY

We provide a 24 month warranty with repair service in your country, at your customer's place. If you work with us, you can be sure all warranty issues are solved without wasting your time and resources. We limit your risk, so you can sell with lower margins and more competitive prices.

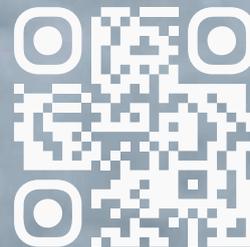

COMPETITIVE PRICES

All of the above is meaningless if prices don't beat competitors. Making thousands of hot tubs and saunas we can use a scale to our advantage. We can offer the best prices in the market without compromising on quality.
